Seaway Solutions

Perfect Balance of Performance and Value

- Seaway Solutions windows come standard with a 3/4" double insulated glass package with high performance Low E glass, Argon gas fill, and warm edge spacer.
- Integral lift handle on top and bottom rails is part of the welded sash.
- Solutions Double-Hung windows are tested to AAMA 101 standards.
- Solutions Double-Hung windows utilize double night latches to provide safety for your family while allowing for ample ventilation.
- Solutions windows are available with integral nailing fin with J for new construction applications or full replacements.

Beauty and Durability

- Elegant exterior bevel frame with sloped sill adds grace and charm to your home's exterior.
- Screens offer enhanced light transmittance, visual clarity, air flow, and enhanced resistance to insects. Seaway Solutions windows feature a screen with an extruded screen frame and internal corner keys.
- Seaway Solutions' constant force balance system offers quiet, effortless window operation.
- Multi-chamber, unplasticized (uPVC) frame and sash extrusions require virtually no maintenance and eliminate worries of fading, cracking, warping, or peeling.

Strength and Security

- Fully interlocking meeting rail securely locks into the side jambs, making Seaway Solutions windows extremely structurally sound.
- Fusion welded frame and sashes maximize strength at all corners of the window frame, creating one solid unit.
- Antimicrobial dual weather-stripping, with integrated fins around the sash perimeter, for reduced air infiltration.

Available Integral Nailing Fin – for new construction applications or full replacements

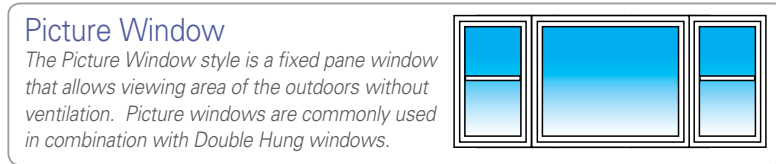

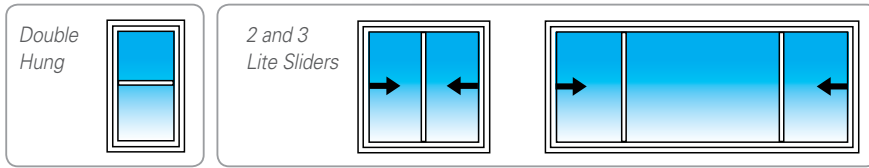

Double night latches

Custom Designed and Custom Built

Custom built for your home, Seaway's Solutions Series windows offer many sought-after features and a plethora of options, providing a look designed exclusively for your home.

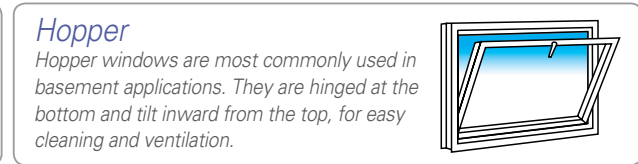

Available Window Styles

Picture Window

The Picture Window style is a fixed pane window that allows viewing area of the outdoors without ventilation. Picture windows are commonly used in combination with Double Hung windows.

Hopper

Hopper windows are most commonly used in basement applications. They are hinged at the bottom and tilt inward from the top, for easy cleaning and ventilation.

Seaway Manufacturing

Family Owned Business

Seaway is a family owned, woman owned business currently operated by the third generation of the Goodrich family, celebrating a tradition of quality craftsmanship and personalized service since 1959. Seaway Manufacturing is an active industry leader, making products that meet today's requirements and create enduring value. We're passing on our high standards of excellence from one generation to the next and to every member of our Seaway team. With a long history of proven dependability, Seaway develops products to meet your home improvement needs. We listen to customers and take pride in maintaining long standing relationships based on trust and integrity.

Made in the USA

From our 100,000 sq. ft. factory in Erie Pennsylvania, Seaway manufactures and sources components within the US and collaborates with our northern fabrication partners in Canada. Regularly ranked among the Top 100 Window and Door Manufacturers in the US by Window and Door® Magazine.

Our Dealers

Only the most dependable, highly reputable, professional window contractors and specialty home-improvement dealers are selected to be part of Seaway's dealer family and Seaway actively provides them with the most current technical and industry information. Nearly all of our independent dealers have long-standing, established businesses, and strong reputations for superior quality work. Our dealers share our passion for excellence. Together, we're committed to your complete satisfaction, from the factory to your authorized local Seaway Dealer, we take care of you.
