Vacation Getaway
In Your Own Home

in your Seaway Sunroom?

G R A N D V I E W[®]

A true custom room, built exactly as you want it.

One room that can change the entire character of your home

A GrandView® Sunroom is a durable, low maintenance alternative to a conventional room addition and will look like it was part of your home's original construction. It provides tremendous design flexibility and is custom designed and custom built on-site to meet your needs. A Seaway GrandView® Sunroom offers a cool respite on hot summer days and a comfortable retreat on the coldest days of winter.

A Seaway GrandView® Sunroom is an excellent investment and is more affordable than you may think. Increase your home's value while adding living space for your family. And, by combining the strength of aluminum and the warmth of energy efficient vinyl windows and doors with tempered, high performance Low E glass, GrandView® Sunrooms are built to withstand even the harshest climates.

- Standard configurations include 2 or 3 lite sliding windows, sliding patio doors, and swing entry doors. Maximize your viewing area with glass trapezoids, transoms, and kneewalls. Or, increase your privacy with dent-resistant wall panels.
- A wide variety of custom window options are available, including operable awning kneewalls for added ventilation.
- Choose from a gable roof style (peaking in the center) or a studio roof style (sloping away from home) with aluminum or shingled finish to match your home.
- A GrandView® sunroom is a true room addition with hidden electrical options available.
- GrandView® sunrooms come standard with the highly coveted, Seaway SeaClear window screens. In addition to superior strength and durability, the SeaClear screen also offers increased visibility and light transmittance, improved air flow, and maximized insect protection.
- With GrandView® Sunrooms, you have all the interior design options of a conventional room, including: cathedral ceilings, window treatments, wall decorations, wood flooring, ceramic tile, and carpeting.
- Offered in Euro White or Beige to coordinate with your home's exterior.

Euro White

Beige

GrandView's Exclusive Benefits for Year-Round Enjoyment

comfort

GrandView's windows and patio doors have a unique contoured exterior design to enhance the classic elegance of any home. Windows and doors are fusion welded at all corners for maximized strength and prevention of drafts and water leakage.

Optional Glass Kneewalls, Operable Awning Kneewalls and Trapezoids – Enjoy a maximized viewing area of your property and the outdoors.

Standard Dent Resistant Wall Panels – 3-1/4" thick insultherm, high impact wall panels provide support, energy efficiency, keep your room quiet, and reduce the chance of denting on the facade of your room.

Smart-ER Foam Filled Corner Post and Corner Cover - Creates a well-insulated, sturdy support while augmenting the style of the room with its sleek contour design.

Thermally Improved Extrusions – All heavy duty GrandView® aluminum sunroom components are thermally improved with a nonconductive external element barrier, isolating the interior of the room from the cold winter and hot summer temperatures. Large hollow air spaces are filled with Smart-ER enhanced foam insulation for maximized energy efficiency.

impressive

Insulated Composite Roof System with Batten System Construction – Offers additional energy efficiency and strength.

High Strength 6005 Aluminum and Thermal Enhancement Technology- Twice the strength of commercial aluminum, allowing for superior structural integrity and a true thermal barrier.

Tempered High Performance Glass Package with Ultra Warm Edge Spacer Technology protects your family and provides a thermally efficient barrier from elements for energy efficient living.

MicroShield Antimicrobial Triple Weather Stripping- Maintains a weather-tight fit between the window sashes and frame with three layers of weather stripping. MicroShield maximizes resistance to air and water infiltration, mold, dust, fungi, pollen, and harmful bacteria.

GrandView® sunrooms use the highest quality windows available, constructed with energy efficient, SeaClear screens, heavy duty window locks, a secure interlock, and vent latches for added security for children and pets. Sashes are pocketed deeply into the frame for strength and security, yet lift out for easy cleaning.

GrandView® sunroom windows are tested to NFRC standards and can be configured to be Energy Star qualified in all regions.

Optional High Efficiency Heat Pump Air Conditioning Units - Provide increased year-round comfort.

custom designed

* Please consult your authorized Seaway dealer to determine the specific configuration for your Energy Star region.

The Installation Process: Custom designed and Custom built on your site

A concrete slab or deck forms the base of your sunroom. This area is quickly converted into a spectacular sunroom! Little to no excavation or disruption of your landscaping or home is necessary. Factory-trained, professional installers are considerate of every homeowner's needs and are careful to maintain a clean job site.

GrandView® Sunrooms are fully engineered, built to exacting tolerances, and each component is backed by a manufacturer's lifetime warranty. You can rest assured that you will have a safe and sound structure for years to come.

Install with confidence, enjoy in comfort. Your GrandView® Sunroom will quickly become everyone's favorite room in the house!

GUARANTEED Manufacturer's Lifetime Limited Warranty

Our lifetime limited warranty is our added seal of quality. It's complete coverage, backed by years of experience and a friendly customer service staff that can quickly resolve any problem.

Seaway provides complimentary engineering specifications and design guidelines to its customers in accordance with our manufacturing criteria and internal quality control protocols. Seaway is a manufacturer and is not responsible for the installation of Seaway products nor for the actions, omissions, promises, warranties or representations of a Seaway dealer or vendor. Any deviation from Seaway-recommended specifications and installation guidelines are the sole and absolute responsibility of the dealer or vendor and must comply with all applicable state/local building codes. Please review Manufacturer's Warranty for complete coverage details and limitations.

Bring the outdoors indoors with your three-season BetterView patio room

Better View's Exclusive Benefits

classic

"It's The Best Decision We've Ever Made!"

Do you know anyone that would want to rent out the rest of our home? We spend all of our time in our sunroom.
Sunroom Customer, Madison, WI

"We've done quite a few renovations to our home, but we get more compliments on our GrandView sunroom than anything else. It's perfect for entertaining, and for weekend mornings."
M.R., Arlington, VA

"More than 15 years after it was installed, our GrandView sunroom remains our favorite room in the house. It looks and performs just as it did when it was installed. We couldn't be happier."
J.R., Baltimore, MD

My sunroom came out exactly how I imagined it. It is absolutely beautiful.
K.D., Long Island, NY

We love the sunroom.
We feel like we're in the Caribbean!!!
-Sunroom Customer, Middleton, WI

We are very satisfied with the completed sunroom, which has enhanced our living space and quality of life tremendously. We receive compliments from neighbors and visitors often.
E.B., Bellerose, NY

The Seaway Story A Legacy Of Quality

Founded in 1959, Seaway Manufacturing drew upon Erie, Pennsylvania's tradition of strong craftsmanship and engineering expertise to become a high-quality, recognized manufacturer of quality replacement windows, doors and sunrooms in a variety of designs and styles. Through over 50 years of growth and change, Seaway remains committed to the highest standards of production, cutting-edge designs and unsurpassed customer service.

Precision Engineered Products

At Seaway, we continue to add technologically advanced equipment and procedures that enable us to concentrate on the details that ensure quality, and result in delivery of maintenance-free products

We are proud to design and manufacture products that minimize maintenance and improve a home's appearance, energy efficiency and investment value.
